END OF YEAR REPORT

SALUTATION/GREETINGS

TOGETHER..... IN FELLOWSHIP.....WITH CHRIST

DURATION OF REPORT

This report covers a period of eleven months, that is, from January 1, 2018 to December 31, 2018.

ENROLMENT AND RELATED STATISTICS

CYF Molyko has a current enrolment of about 115 members (70 sisters and 45 brothers), about 90 active, with an average attendance of about 75 members as at January, which dropped drastically to about 20 during this crisis period and again rose geometrically in December where we recorded an average attendance of 55 during group meetings. The group's activities are piloted by a 27-man executive committee, including eight advisers. The group's activities were facilitated by the eleven standing committees namely Evangelism, Music, Socials, Sports, Works, Public Relations, Finance, Health, Advisory, Education and Employment and Disciplinary committees, ten of which are headed by EXCO members. The group has 30 patrons and patronesses, two youth elders a host of alumni members for financial and other support.

DEATHS/BIRTHS

During this period, the group did not lose any member but a handful of our members lost some of their loved ones. The group also lost one of her patronesses.

The group recorded three births during this period from one brother and two sisters being the birth of a baby girl to our former president and former zonal evangelism secretary, Sister Azinwi Gillian in Nigeria.

FINANCE

Our financial state during this period was not the best since many members travelled out of Buea and the general cry of hardship by the few present as a result of the crisis.

RELATIONSHIP WITH THE CONGREGATION, SUS/YP, ZONE, PRESBYTERY ETC

We enjoy a cordial relationship with the session in particular and the congregation in general.

We have a good relationship with the SUS/YPs and we do our best to improve on their wellbeing knowing that they will succeed us in the near future.

We have a good relationship with the zone, the presbytery, regional and national youth offices because we try our best to take part in all zonal and presbytery activities and endeavour to pay all our dues.

We also have a good public image and cordial relations with the public, other C.Y.F groups, other denominations and social groups. This is evident in the sporting activities we had with the C.Y.F groups of Buea Station and Synod Office, Full Gospel youths in Buea 1 district, Nso All Students' Union (NASU) Buea Branch, and the C.M.F group of our congregation.

ACHIEVEMENTS

- ✍ Emerged zonal, presbytery and regional champions and attained the 2nd position nationally in the 2018 annual rally and still maintained our top position in the presbytery and zone at the last presbytery come-together held in September 2018.
- ✍ We have experienced tremendous growth and breakthrough spiritually, socially, financially and numerically.
- ✍ We have succeeded to mould and develop our members in all dimensions especially in the areas of music, sports, leadership, academics, entrepreneurship, etc. and many hidden and unknown talents have been discovered.
- ✍ We have members represented in almost all spheres of life as some gained entrance into the PTS, some have travelled abroad, some have gotten married, some have put to birth, some have gained employment, others promotions at their work places and others further studies, while many succeeded in various public exams.

CHALLENGES FACED BY THE GROUP

- ✍ Members face a lot of difficulties in meeting up with their financial obligations and this has made our financial status to drop hence difficulty in financing some activities and projects.
- ✍ Some activities such as trip to mount Cameroon, visit to orphanage, fellowship meal, picnic and evangelistic visits were not carried out because of the crisis.
- ✍ Fluctuation in enrolment because of the nature of the group (mostly students) and the displacement of some members as a result of the ongoing crisis.
- ✍ The leadership of the group has also been affected as most EXCO members have migrated thereby leaving the group with lots of vacant positions or co-opted members acting on their behalf.

PROPOSED SOLUTIONS

- ✍ The Education and Employment Committee orientates members on the importance of entrepreneurship and encourages members to start up their own businesses irrespective of the amount they have as capital. This goes a long way to solve the problem of financial constraints on members. The group engages in bob-a-jobs, contract of cleaning of our church house, rental of chairs and other sources of income to ameliorate the group's financial status.

✍ Activities that were not carried out have been reprogrammed for next year with the expectation of a more conducive and calm situation.

FUTURE PLANS/PROJECTS/ACTIVITIES

- Increase in the number of chairs we have for rent, add canopies and a musical set.
 - Start a MTN Mobile Money business.
 - Hosting and launching of our website which has been written already.
 - Aspire to become national and international champions of the C.Y.F Movement come 2019 .

CONCLUSION

We thank the zone for their constant support and pray that the Almighty God keeps us all united and strengthened to do His glorious work.
