#### **EXCO RELEASE OF C.Y.F MOLYKO EXCO MEETING HELD ON SUNDAY, JULY 14, 2019 AT CHIEF STREET MOLYKO.**

*Together... In Fellowship... With Christ*

The EXCO body sat last Sunday after some deliberations on points raised, came out with the following decisions and recommendations.

#### **I) Cleaning of the Church House.**

Due to the observed massive absences during cleaning lately, it was decided that a standard attendance will be made available for that purpose and any frequent unjustified absence case will be treated accordingly.

#### **II) Chairs project.**

After looking at the situation of management of our chairs, a four-man Chairs committee was formed. The Coordinator Bro. Arrey Kingsly Arrey and the Secretary Bro. Ndoh Neville, were assigned to join the library and parish stewards, Sis. Amundam Shallotte and Bro. Doh Terence, in managing the Chairs project.

#### **III) Dress Code on Sundays and Other Services.**

It was decided that;

- Members who belong to CYF Molyko and any other group in the congregation should always dress in CYF uniform when CYF Molyko is to process regardless of whether the other group is supporting.
- If CYF is to support and the other group is processing, and the member happens to dress in that group's uniform, then such a members can join CYF during singing but is not allowed to conduct CYF while in another group's uniform.
- Members belonging to more than one group are prohibited from putting on two uniforms at the same time.

#### **IV) Advices and Recommendations.**

- When it comes to leading singing in Church, those involved should be dynamic and avoid clashes because it doesn't matter who does the work, what matters is the work of God to go ahead.
- Members should develop the good habit of always meeting others privately when they have issues and not to find joy in embarrassing others in public even without their knowledge. (**Matt. 18:15-18**)
- We should use the privilege of being national champions to transform souls by making positive impact on the society and not just to show off.
- Members should not be marveled and surprised when the phrase 'Presidential Decree' is pronounced. This is inevitable in every organization given that the presidency has the right to take certain decisions since he/she sees beyond is the vision bearer of the organization. C.Y.F Molyko is not exempted from that.

#### **V) Information and Others.**

- We are to host the RECOM on Saturday, July 27 and CYF Molyko is to actively take part to provide breakfast and lunch for the over 50 regional delegates who will be present. We're therefore called to be alert and make ourselves available when we're needed.
- Concerning the receiving of the national flag, we shall carry out human investment to some would be selected homes as a way to raise funds, and it was proposed a souvenir to the national office pertaining to that event.
- The group will visit the residence of our patron, Elder Musibe Nyengche this Sunday for the born house of their newly born baby Musibe Rex Fon, after a thanksgiving and baptism during the second service.
- Condolence page of 300frs each, declared open for Sis. Ngole Maureen who lost her father last week Wednesday at Nkongsamba.
- And in Sports, the group will have a football match with the boys of Dirty South this Saturday.

#### **VI) Appreciation and Apology**

We the EXCO body of CYF Molyko wish to sincerely appreciate you all for your marvelous support and collaboration in doing God's work and towards realizing our vision. Also, we sincerely apologize to you all for all our shortcomings and for all the misunderstandings we may have had. God Bless You All.
