EXCO RELEASE OF C.Y.F MOLYKO EXCO MEETING HELD ON SUNDAY, AUGUST 04, 2019 AT THE PCC MOLYKO MULTIPURPOSE HALL.

Together... In Fellowship... With Christ

The EXCO body sat last Sunday to evaluate the receiving of national flag event and after examining some aspects of the event came out with the following decisions and recommendations.

1. During subsequent occasions, whenever a committee is in charge of a particular activity, those in charge of coordinating the activity should not forget to give EXCO members involved in that activity the respect they deserve and avoid indiscriminate shouting at EXCO members. In relation to this, Bro. Besong George and Bro. Ngwa Conglad are called to attend a disciplinary committee meeting on
for a matter that concerns them.
2. Members should endeavour to be smart in their roles during subsequent events as it was observed that the dance committee was not smart enough to start the dance on time and catch up with the population.
3. Most members misbehaved and caused a rowdy atmosphere on Sunday when they were called to eat. This was as a result of members taking photos with the flag at the wrong time. This will not be entertained subsequently and time for photos taking will be allocated and strictly respected.

4. In subsequent events, not only other CYF groups will be invited but also, youth groups from other denominations.
5. Members should endeavour to remind invitees ahead of time concerning the event considering the fact that the responds to invitations was not quite encouraging this time.
6. Members should endeavour to work with the financial secretary and treasurer when it comes to relay of finances in order to ensure easy bookkeeping.
7. When it comes to music, members should avoid too much excitement during song presentation and focus on the message being sent out. In other words we should endeavour to preach Christ Jesus through our success and not to preach our success when singing.
8. Despite these challenges faced, from the EXCO's point of view, the event recorded a general success and special appreciation goes to all the committees and individuals who left no stone unturned to ensure this success.

Apart from evaluation of the above event,

9. Concerning the upcoming zonal come-together on September 22nd 2019, at PCC Molyko, it was decided that the 2019 Youth Splashed will be opened on Thursday 15th August by the Pastor.
10. All members are advised to get a copy of the group's bi-laws which costs just 500frs. This is very mandatory for all members as they will be able to know more about CYF Molyko, her rules and regulations, and administration.
